Cross Country Now- Oct 19
Boys BB Oct 16- Jan 27
Girls BB Sept 13- Jan
Volleyball Nov 27- March 3
Wrestling Nov 27- March 3
Track March 25- year end

1) Choose your sessions!

Rank the sessions based on how much you want to attend them. Make your top choice #1 and your last choice #6.

Root Beer Floats
Make your own root beer and ice cream in this session! The first week you will mix and carbonate the root beer, then you will make your ice cream and have a homemade float.

Shrinky Dinks
Make your own necklaces, charms, keychains, bookmarks, and more using Shrinky Dink paper, colored pencils, markers, and a toaster oven!

Kaleidoscope
Build your own kaleidoscope! Learn about light science through experiments, then decorate and build your kaleidoscope.

Sewing
Design and create your own puppets, jewelry, ornaments, and more! Learn the basics of sewing and design for many future projects.

Soldering
Build your own electronic! Learn the basics of soldering for electronics by working with everyday items like alarm clocks & lighting circuits to build your own project.

Roller Coaster
Design and build a roller coaster in the library basement! Modify and test your roller coaster until it's the best one possible.

2) What day works best?

Each session will be offered on Tuesday and Wednesday in the fall and the spring, alternating to help fit in your schedules. Let us know which days are best for you!

Circle the best option for your schedule:

Fall - Tuesdays

Fall - Wednesdays

Spring - Tuesdays

Spring - Wednesdays

Any day works all year
