INTRODUCTION

The records transcribed herein were taken from a journal purchased at the estate auction of Milem Lundquist by Eddie Dirks of Athens, who generously loaned the journal for publication.

The reason this journal was compiled by Frank V. Alkire is not clear, but it appears that all "Public Domain" transactions made in the present county of Menard have been included, earliest entry being in 1824 and the latest entry being in 1870. The only sales listed in 1870 were in Township 19, Range 8, Section 10 and 11, and Township 17, Range 6, Section 9 for swamp land to J. T. Bennett.

Since the information from this journal cannot be found at the Menard County Courthouse, it has been suggested by Lowell Vokell (Illinois State Archives) that this journal may have been an attempt by Menard County to compile the Public Domain transactions for their office. The original Land Office Records for Illinois can be found at the Illinois State Archives.

The journal includes 41 pages of transactions; plus a closing statement from C. W. Pavey, State Auditor, dated July 31, 1891 on page 42; a letter to Frank V. Alkire from C. W. Pavey, dated Feb. 24, 1892, on page 79; and information on the Thomas Primm addition to the town of Athens, on page 80.

The cover of "Original" book is marked: "Entry Book, A.

E. Mick, Menard County", on the inside cover of "Original" book is hand-written: "Frank V. Alkire, Petersburg, Ill., Menard County".

All information from the "Original" book has been included in this publication. Although there were some corrections to the Frank Alkire entries by the State Auditor, C. W. Pavey in red ink, I have included only the corrected entries or additions in this publication.

Illinois was inducted into statehood in 1818, with Sangamon County being formed in 1821 from Madison and Bond Counties, which included besides its present area, all of the existing counties of Cass, Menard, Logan, Mason, Tazewell and parts of Christian, Macon, McLean, Woodford, Marshall and Putnam. Menard County was formed from Sangamon County in 1839, encompassing half of the present Mason County which was later formed from Tazewell and Menard in 1841.

Land in Section 16 of each township was designated for the maintenance of public schools by the Enabling Act for statehood on April 18, 1818. A law was approved by the General Assembly on Jan. 22, 1829 which provided that these school lands could be sold for the benefit of the schools.

For more information on the sale of designated school land, (including petitions for sale of land, descriptive maps, and name of purchaser), see the Weaver Genealogical Publication "School Commissioner's Land Sale Record".

SPRINGFIELD.

Feb. 24, 1892.

Frank V. Alkire, Esq.,
Petersburg, Ill.

Dear Sir:---

Replying to your two letters of the 22nd inst. I will say that the records of the U.S. Land office formerly located at Springfield, but now in my custody in pursuance of law, do not show any entry of the S.W. 1/4 of Sec. 36 Tp. 28, Range 8 W. 3 P.M. South of the Sangamon River, containing 21.10 acres, but the records of this office show that the S.W. 1/4 of the S.W. 1/4 Sec. of the River was conveyed by the U.S. Government to the State of Illinois as swamp and overflowed lands, which by ^{an} Act of the Legislature, belongs to your county, and is subject to conveyance by your county authorities, if not already conveyed.

Yours truly,

W. W. Pavy
Auditor P.A.
